

a little note for the strongest lady we know —

OG's Flea-Free Mission

Two weeks, one spotless house, and a whole lot of love — Georgia style.

● The Golden Rules

- 1 **Spray only on spray days.** Monday and Thursday are the only spray days — vacuum the whole carpet first, then mist, so it isn't wasted on dirt still in the carpet.
- 2 **Empty the canister outside.** Tip it straight into the outdoor trash so nothing can crawl back in.
- 3 **Shake well, mist light.** Shake hard, then mist an even coat until the carpet is barely damp — never soaked.
- 4 **Trust the process.** New eggs keep hatching for about two weeks. Vacuuming daily coaxes them out so the spray can finish the job.

● This Week's Program

💧 spray day — every other day is vacuum only

MON 💧

Double Feature — 1) vacuum thoroughly 2) light mist over the carpets.

TUE

Quick Clean — vacuum up yesterday's stragglers & stir out the hiders.

WED

Quick Clean — a fresh pass to keep the floors happy.

THU 💧

Double Feature — 1) vacuum thoroughly 2) light mist over the carpets.

FRI

Quick Clean — sweep up the week's last stragglers.

SAT-SUN

You finish what you start, you keep a loving home, and you always look after your family.
That's just who you are — and those little pests picked the wrong house.

We love you, OG — you've got this! ♥
